- Actively participated in weekly club meetings and contributed in functioning of club

FE Member, Debate, Dramatics and Quiz Club

September 2024 – Present

- Helped organize the **Model United Nations (MUN) - III Edition** with over 200 participants from various institutions
- Coordinated with executive committee for scheduling, delegate outreach, and logistics planning
- Moderated preliminary debate sessions and provided support to participants during the event
- Engaged in regular club debates and dramatics workshops to build communication and improvisation skills

PROJECTS

Currency Converter | *JavaScript, HTML, Tailwind, Exchange Rate API*

- Built a lightweight web application to convert between any two known global currencies using live exchange rates
- Integrated external Exchange Rate API to fetch real-time currency conversion data
- Implemented intuitive user interface allowing selection of currencies and displaying accurate converted values instantly

Job Dhudho Platform | *React, JavaScript, HTML, Tailwind*

- Developed a comprehensive platform to help students and professionals learn coding, practice DSA & CP, receive mentorship, and find internships and jobs
- Built using React to strengthen frontend development skills and deliver a responsive UI
- Implemented real-time job/internship listings and structured mentorship programs
- Created a personalized user dashboard with progress tracking and saved opportunity features

ReWear – Sustainable Clothing Exchange Platform | *React, Bootstrap, HTML, Tailwind*

- Built and contributed to **ReWear**, a platform to exchange clothes and promote sustainable fashion
- Designed and developed a comprehensive **user dashboard** to manage listed items, track swap requests, and view exchange history
- Enabled **user profiles**, **swap requests**, and item history to build a trusted community and encourage reuse

TECHNICAL SKILLS

Languages: JavaScript, HTML/CSS

Frameworks: React, Express, Tailwind, Bootstrap, Framer Motion

Developer Tools: Git, VS Code, Visual Studio, IntelliJ, Eclipse, Figma

Soft Skills: Event Management, Public Speaking, Teamwork

ACHIEVEMENTS

- **REPLICA'24 (Open Source Software Club):** Participated in the REPLICA'24 event hosted by the club and secured **Second Prize** among multiple participants.
- **All FE Debate Competition:** Participated in the inter-departmental All FE Debate and achieved **Third Prize** for strong articulation and argument skills.
- **Other Participation:** Engaged in various college-level events such as **FSOC**, **SIH**, **Graphica**, and **Unnati 4.0**, demonstrating versatility and active campus involvement.
